PRICE NOTIFICATION NO CIL : S&M: GM(F) : Pricing: /2340

The price elements at sl. no. 1 to 15 as are presently applicable in terms of the last coal price notification circulated vide ref. no. CIL: S&M:GM(F): Pricing: 235 dated 27th May, 2013 read with coal price notification circulated vide ref. no. CIL: S&M:GM(F): Pricing: 1907 dated 26th February, 2011 stands partially revised. The price elements as mentioned in sl. no. 7 and 12 are revised and replaced with the following and shall be applicable with effect from 00:00 Hour of 14th November, 2013.

7. Where coal is transported beyond a distance of 3 kms to the loading point, the coal companies shall be entitled to charge additional surface transport costs from the purchasers at the following rates :

- i) For a distance of more than 3 kms but not more than 10 kms, Rs.57.00 per tonne.
- ii) For a distance of more than 10 kms but not more than 20 kms, Rs.116.00 per tonne.
- iii) In cases, where coal is transported for more than 20 kms to the loading point, transport charges will be payable at actual basis, to be borne by the purchaser.

12(a). For undertaking special sizing or beneficiation of coal, additional charges as may be negotiated between the purchaser and the producer may be realized over and above the pithead prices. However, in case of selective loading, which is not covered under the purview of special sizing or beneficiation, the prices shall be governed by clause 12(b) as mentioned below:

12(b). i. All selective loading irrespective of means of loading and modes of dispatch to be considered as loading of steam sized coal of +25mm. Therefore, in case of selective loading, steam sizing charge, which is presently Rs.180/- per tonne, be charged on the ROM price on account of sizing.

ii. In addition to 12(b).i. above, beneficiation charge be levied for all selective loading. The beneficiation charge be the price difference as per the grades identified in the Grade Notification of the coal company for steam and ROM respectively.

iii. Thus the selective loading charge from the ROM be the summation of the steam sizing charge i.e, Rs.180 per tonne and the difference of price arising out of the grades of steam and ROM.
