The guidelines regarding Permissible Carrying Capacity (PCC) of different types of wagons were consolidated and issued vide Rates Master Circular under reference. A number of corrigenda to this Rates Master Circular have been issued so far. In view of this, it has been decided to issue a fresh Rates Master Circular duly incorporating all extant guidelines on the subject. In order to remove any ambiguity in mapping of PCC of different wagons when loaded with different commodities on different routes, the list of commodities mentioned in the Rates Master Circular referred to above has also been revised.

This Rates Master Circular is a consolidation of all the extant guidelines issued on the subject. While all care has been taken in preparation of this circular, if any discrepancy is noticed, Zonal Railways are requested to bring it to the notice of the Board immediately for taking corrective action.

Zonal Railways will ensure that wide publicity is given to this circular. Steps should be taken to ensure that Railway official fully understand these guidelines and implement them correctly.

This issues with the concurrence Finance Directorates of Ministry of Railways.
